

**You are visiting the green destination Radlje ob Dravi, which has chosen the path of sustainable development and it proves that by entering the Green Scheme of Slovenian tourism. Within this national programme, the sign Slovenia Green can be obtained, which promises a green future.**

By following the instructions below, you will help us build and keep our town green.

### **PRESERVE NATURE AND THE LANDSCAPE**

Visit the Waterpark Radlje and follow its rules of behaviour.

Hike along the numerous walking routes that are meant for exploring. Stay on the marked footpaths as they will always bring you to your destination.

Get to know the diverse landscape from a bicycle. Travelling around Pohorje and Kozjak, through forests and along the river is nothing but a perfect experience.

Reach the tourist attractions, popular swimming resorts and mountain trails by foot or bicycle.

### **PROTECT THE ENVIRONMENT AND THE CLIMATE**

Experience Radlje ob Dravi as a green home under the open sky. Separate the waste and take it to the places where it can be disposed of. When hiking on the hills and along Drava, put the trash into dustbins.

The water here is clean and drinkable. Carinthia is famous for its waters and has plenty of healing springs. You can fill your bottle with clean drinkable water almost anywhere along the way.

Help us preserve the abundance of water resources. Take a quick shower instead of a bath and turn off the water while brushing teeth.

Contribute to saving energy by using towels and bedding several times.

Let the environment and nature catch their signals. Unplug all electronic and other devices whenever possible.

### **RESPECT CULTURE AND TRADITION**

Buy local and support the local manufacturers.

Try the local food. Choose typical dishes that are based on local ingredients and recipes. Buckwheat porridge, rye bread or potato soup (repična župa) will surely delight your taste buds.

Visit the Radlje Museum, the oldest house in Radlje – Rosenhof, Church of St. Michael or Remšnik Mineral Museum and contribute to preservation of our culture and art.

Visit our traditional events, such as Hop-growers Feast (Hmeljarski likof), Radlje Meetings (Radeljska srečanja) or the Radlje Run (Rad 'mam tek).

**Thank you for loving Green Radlje.**
